PRAYER

The following prayer was offered by Rabbi Yoel Caroline, Chabad of Key Biscayne:

Almighty Father in Heaven, Creator of all Beings, Dear God: Grateful are we before you, that today, as on every day of our lives on this earth, you have once again mercifully restored our souls within us, thereby granting us the gift of life. May we cherish this gift and positively utilize every moment of our lives in your service. We confirm this day that the greatest expression of serving you is in the simple act of kindness toward a fellow human being.

We are prepared to mark once again, on this Friday, the birthday of The Lubavitcher Rebbe, Rabbi Menachem Schneerson, of blessed memory. This day has been proclaimed as Education and Sharing Day, honoring The Rebbe's dedication to an educational system that nurtures goodness and kindness and thereby gives direction and dignity to the lives of our young people. Almighty God, please give us the strength to follow in this noble example.

As the Jewish people prepare to celebrate the holiday of Passover, the festival of freedom marking the exodus from slavery in Egypt, and the birth of the Jewish nation, please grant to all the celebration of true freedom—the freedom to choose good; the freedom to make choices based on your divine code of never-changing ethical values; the freedom to choose to do one more act of goodness and kindness, and to thereby reveal the pure inner goodness of your world.

May we in this blessed state be recognized not only for our sunshine, but also for our grace, not only for our warm climate, but also for the warmth of our hearts.

Dear God, please bless the members of this august Senate chamber, elected by you, along with their families and those they represent, with health and prosperity. And may we all seek to unify, strengthen and glorify the soul of this great nation, under you, our dear God, and to protect liberty and justice for all. Amen.

PLEDGE

Senate Pages Zachary “Zack” Martindale of Nokomis; Erin Hawkins of Orlando; Christopher J. Sebesta, grandson of Senator Sebesta, of Merritt Island; and Mirna Garcia of Hialeah, led the Senate in the pledge of allegiance to the flag of the United States of America.

At the request of Senator Cowin—

By the Committee on Natural Resources and Senators Cowin, Lawson, Argenziano, Dockery, Constantine, Atwater, Siplin, Clary, Fasano, Wise, Smith, Webster, Alexander, Peaden, Campbell, Pruitt, Aronberg, Klein, Garcia, Dawson and Lee—

CS for SR 1202—A resolution recognizing March 31, 2004, as “Local Water Sources First Day,” supporting the continued inclusion of a “local sources first” policy in chapter 373, Florida Statutes, and opposing any amendments to the state’s water resource policy that are inconsistent with the public interest.

WHEREAS, Florida’s water resources are a natural resource and not a commodity to be sold or transferred to the highest bidder, and

WHEREAS, the Florida Senate supports a state “local sources first” policy in state law, and

WHEREAS, the Florida Senate recognizes that the continued retention of the local sources first policy is integral to protecting the state’s water resources, advancing long-term sustainable water-resource development and supply systems, and preserving the opportunities of local residents to secure and sustain their future prosperity and quality of life through the use and enjoyment of local water resources, and

WHEREAS, the Florida Senate supports the fundamental principles of the state’s water law which require that a proposed use of water be reasonable and beneficial, not interfere with an existing legal use of water, and be consistent with the public interest, and

WHEREAS, the Florida Senate opposes legislation that would fundamentally alter the state’s current water-supply allocation practices, and

WHEREAS, the Florida Senate opposes legislation that undermines a fundamental principle of water law which establishes a right of use rather than a right of ownership, and

WHEREAS, a recent report by the Florida Council of 100 has recommended modifications to chapter 373, Florida Statutes, to significantly alter provisions that establish a policy for using local water sources first, and

WHEREAS, the Florida Senate wishes to go on record that such a proposal could put the state’s surface waters and aquifers at risk of irreparable harm, and

WHEREAS, the Florida Senate believes that any discussion of regional water transfer is premature until minimum flows and levels have been established for all of the state’s water resources, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida Senate recognizes March 31, 2004, as “Local Water Sources First Day,” and opposes any modifications to the fundamental provisions of chapter 373, Florida Statutes, as they relate to the current “local sources first” policy, and encourages its legislative colleagues and the Governor to join in this opposition.

At a minimum, the rules shall require that:*

a. *Cardiologists be experienced interventionalists who have performed a minimum of 75 interventions within the previous 12 months.*

b. *The hospital provide a minimum of 36 emergency interventions annually in order to continue to provide the service.*

c. *The hospital offer sufficient physician, nursing, and laboratory staff to provide the services 24 hours a day, 7 days a week.*

d. *Nursing and technical staff have demonstrated experience in handling acutely ill patients requiring intervention based on previous experience in dedicated interventional laboratories or surgical centers.*

Transfer and transport agreements must be received and tested, with appropriate documentation maintained at least every 3 months.*

g. *Hospitals implementing the service first undertake a training program of 3 to 6 months' duration, which includes establishing standard and testing logistics, creating quality assessment and error management practices, and formalizing patient-selection criteria.*

2. The applicant must certify that it will at all times use the patient-selection criteria for the performance of primary angioplasty at hospitals without adult open-heart-surgery programs issued by the American College of Cardiology and the American Heart Association. At a minimum, these criteria must provide for:

a. Avoidance of interventions in hemodynamically stable patients who have identified symptoms or medical histories.

b. Transfer of patients who have a history of coronary disease and clinical presentation of hemodynamic instability.

3. The applicant must agree to submit to the agency a quarterly report detailing patient characteristics, treatment, and outcomes for all patients receiving emergency percutaneous coronary interventions pursuant to this paragraph. This report must be submitted within 15 days after the close of each calendar quarter.

4. The exemption provided by this paragraph does not apply unless the agency determines that the hospital has taken all necessary steps to be in compliance with all requirements of this paragraph, including the training program required under sub-subparagraph 1.g.

5. If the hospital fails to continuously comply with the requirements of sub-subparagraphs 1.c.-f. and subparagraphs 2. and 3., this exemption immediately expires.

If the exemption for this service expires under subparagraph 5. or subparagraph 6., the agency may not grant another exemption for this service to the same hospital for 2 years and then only upon a showing that the hospital will remain in compliance with the requirements of this paragraph through a demonstration of corrections to the deficiencies that caused the exemption to expire. Compliance with this paragraph includes compliance with the rules adopted pursuant to this paragraph.

(o) For replacement of a licensed nursing home on the same site, or within 3 miles of the same site, if the number of licensed beds does not increase.

(p) For consolidation or combination of licensed nursing homes or transfer of beds between licensed nursing homes within the same planning subdistrict, by providers that operate multiple nursing homes within that planning subdistrict, if there is no increase in the planning subdistrict total number of nursing home beds and the site of the relocation is not more than 30 miles from the original location.

(q) For beds in state mental health treatment facilities operated under s. 394.455(30) and state mental health forensic facilities operated under s. 916.106(8).

(r) For beds in state developmental services institutions as defined in s. 393.063.

(4) **REQUESTS FOR EXEMPTION.**—A request for exemption under subsection (3) may be made at any time and is not subject to the batching requirements of this section. The request shall be supported by such documentation as the agency requires by rule. The agency shall assess a fee of \$250 for each request for exemption submitted under subsection (3).

(5) **NOTIFICATION.**—Health care facilities and providers must provide to the agency notification of:

(a) Replacement of a health care facility when the proposed project site is located in the same district and on the existing site or within a 1-mile radius of the replaced health care facility, if the number and type of beds do not increase.

(b) The termination of a health care service, upon 30 days' written notice to the agency.

(c) The addition or delicensure of beds.

(1) Each provider of diagnostic cardiac catheterization services shall comply with the requirements of s. 408.036(3)(i)2.a.-d., and rules adopted by the agency which establish licensure standards for Health Care Administration governing the operation of adult inpatient diagnostic cardiac catheterization programs. The rules must ensure that the programs:

(a) Comply with, including the most recent guidelines of the American College of Cardiology and American Heart Association Guidelines for Cardiac Catheterization and Cardiac Catheterization Laboratories.

(b) Perform only adult inpatient diagnostic cardiac catheterization services and do not provide therapeutic cardiac catheterization or any other cardiology services.

(c) Maintain sufficient appropriate equipment and health care personnel to ensure quality and safety.

(d) Maintain appropriate times of operation and protocols to ensure availability and appropriate referrals in the event of emergencies.

(e) Demonstrate a plan to provide services to Medicaid and charity patients.

(2) Each provider of adult interventional cardiology services or operator of a burn unit shall comply with rules adopted by the agency which establish licensure standards that govern the provision of adult interventional cardiology services or the operation of a burn unit. Such rules must consider, at a minimum, staffing, equipment, physical plant, operating protocols, the provision of services to Medicaid and charity patients, accreditation, licensure period and fees, and enforcement of minimum standards. The certificate-of-need rules for adult interventional cardiology services and burn units in effect on June 30, 2004, are ratified pursuant to this subsection and shall remain in effect and be enforceable by the agency until the licensure rules are adopted. Existing providers and any provider with a notice of intent to grant a certificate of need or a final order of the agency granting a certificate of need for adult interventional cardiology services or burn units shall be considered grandfathered-in and shall receive a license for their programs effective on July 1, 2004. That licensure shall remain valid for at least 3 years or a period specified in the rule, whichever is longer, but such programs must meet licensure standards applicable to existing programs for every subsequent licensure period.

(3) In establishing rules for adult interventional cardiology services, the agency shall include provisions that allow for:

(a) Establishment of two hospital program licensure levels: a Level I program authorizing the performance of adult primary percutaneous cardiac intervention for emergent patients without onsite cardiac surgery and a Level II program authorizing the performance of percutaneous cardiac intervention with onsite cardiac surgery.

(b) For a hospital seeking a Level I program, demonstration that, for the most recent 12-month period as reported to the agency, it has provided a minimum of 300 adult inpatient and outpatient diagnostic cardiac catheterizations or has transferred at least 300 inpatients with the principal diagnosis of ischemic heart disease and that it has a formalized, written transfer agreement with a hospital that has a Level II program, including written transport protocols to ensure safe and efficient transfer of a patient within 60 minutes.

(c) For a hospital seeking a Level II program, demonstration that it has discharged at least 800 patients with the principal diagnosis of ischemic heart disease.

(d) Compliance with the most recent guidelines of the American College of Cardiology and American Heart Association guidelines for staffing, physician training and experience, operating procedures, equipment,

physical plant, and patient-selection criteria to ensure patient quality and safety.

(e) Establishment of appropriate hours of operation and protocols to ensure availability and timely referral in the event of emergencies.

(f) Demonstration of a plan to provide services to Medicaid and charity patients.

(4) The agency shall establish a technical advisory panel to develop procedures and standards for measuring outcomes of interventional cardiac programs. Members of the panel shall include representatives of the Florida Hospital Association, the Florida Society of Thoracic and Cardiovascular Surgeons, the Florida Chapter of the American College of Cardiology, and the Florida Chapter of the American Heart Association and others who have experience in statistics and outcome measurement. Based upon recommendations from the panel, the agency shall develop and adopt for the interventional cardiac programs rules that include at least the following:

(a) A standard data set consisting primarily of data elements reported to the agency in accordance with s. 408.061.

(b) A risk-adjustment procedure that accounts for the variations in severity and case mix found in hospitals in this state.

(c) Outcome standards specifying expected levels of performance in Level I and Level II adult interventional cardiology services. Such standards may include, but are not limited to, inhospital mortality, infection rates, nonfatal myocardial infarctions, length of stay, postoperative bleeds, and returns to surgery.

(d) Specific steps to be taken by the agency and licensing hospitals that do not meet the outcome standards within specified time periods, including time periods for detailed case reviews and development and implementation of corrective action plans.

(9) The Secretary of Health Care Administration shall appoint an advisory group to study the issue of replacing certificate-of-need review of organ transplant programs under this chapter with licensure regulation of organ transplant programs under chapter 395. The advisory group shall include three representatives of organ transplant providers, one representative of an organ procurement organization, one representative of the Division of Health Quality Assurance, one representative of Medicaid, and one advocate for organ transplant patients. The advisory group shall, at a minimum, make recommendations regarding access to organs, delivery of services to Medicaid and charity patients, staff training, and resource requirements for organ transplant programs in a report due to the secretary and the Legislature by July 1, 2005.

(10) The Secretary of Health Care Administration shall appoint a work group to study certificate-of-need regulations and changing market conditions related to the supply and distribution of hospital beds. The assessment by the work group shall include, but need not be limited to:

(a) The appropriateness of current certificate-of-need methodologies and other criteria for evaluating proposals for new hospitals and transfers of beds to new sites.

(b) Additional factors that should be considered, including the viability of safety-net services, the extent of market competition, and the accessibility of hospital services.

The workgroup shall, by January 1, 2005, submit to the secretary and the Legislature a report identifying specific program areas and recommending needed changes in statutes and rules.

Section 8. Section 408.038, Florida Statutes, is amended to read:

408.038 Fees.—The agency shall assess fees on certificate-of-need applications. Such fees shall be for the purpose of funding the functions of the local health councils and the activities of the agency and shall be allocated as provided in s. 408.033. The fee shall be determined as follows:

(1) A minimum base fee of \$10,000 \$5,000.

(2) In addition to the base fee of \$10,000 \$5,000, 0.015 of each dollar of proposed expenditure, except that a fee may not exceed \$50,000 \$22,000.

Section 9. Subsections (1), paragraph (a) of subsection (3), and paragraph (a) and (b) of subsection (4) of section 408.039, are amended to read:

408.039 Review process.—The review process for certificates of need shall be as follows:

(1) REVIEW CYCLES.—The agency by rule shall provide for applications to be submitted on a timetable or cycle basis; provide for review on a timely basis; and provide for all completed applications pertaining to similar types of services or facilities affecting the same service district to be considered in relation to each other no less often than *annually two times a year*.

(3) APPLICATION PROCESSING.—

(a) An applicant shall file an application with the agency, and shall furnish a copy of the application to the local health council and the agency. Within 15 days after the applicable application filing deadline established by agency rule, the staff of the agency shall determine if the application is complete. If the application is incomplete, the staff shall request specific information from the applicant necessary for the application to be complete; however, the staff may make only one such request. If the requested information is not filed with the agency within 21 days after the receipt of the staff's request, the application shall be deemed incomplete and deemed withdrawn from consideration.

(4) STAFF RECOMMENDATIONS.—

(a) The agency's review of and final agency action on applications shall be in accordance with the district health plan, and statutory criteria; and the implementing administrative rules. In the application review process, the agency shall give a preference, as defined by rule of the agency, to an applicant which proposes to develop a nursing home in a nursing home geographically underserved area.

(b) Within 60 days after all the applications in a review cycle are determined to be complete, the agency shall issue its State Agency Action Report and Notice of Intent to grant a certificate of need for the project in its entirety, to grant a certificate of need for identifiable portions of the project, or to deny a certificate of need. The State Agency Action Report shall set forth in writing its findings of fact and determinations upon which its decision is based. ~~If a finding of fact or determination by the agency is counter to the district health plan of the local health council, the agency shall provide in writing its reason for its findings, item by item, to the local health council.~~ If the agency intends to grant a certificate of need, the State Agency Action Report or the Notice of Intent shall also include any conditions which the agency intends to attach to the certificate of need. The agency shall designate by rule a senior staff person, other than the person who issues the final order, to issue State Agency Action Reports and Notices of Intent.

Section 10. Section 408.040, Florida Statutes, is amended to read:

408.040 Conditions and monitoring.—

(1)(a) The agency may issue a certificate of need, *or an exemption*, predicated upon statements of intent expressed by an applicant in the application for a certificate of need *or an exemption*. Any conditions imposed on a certificate of need *or an exemption* based on such statements of intent shall be stated on the face of the certificate of need *or in the exemption approval*.

(b) The agency may consider, in addition to the other criteria specified in s. 408.035, a statement of intent by the applicant that a specified percentage of the annual patient days at the facility will be utilized by patients eligible for care under Title XIX of the Social Security Act. Any certificate of need issued to a nursing home in reliance upon an applicant's statements that a specified percentage of annual patient days will be utilized by residents eligible for care under Title XIX of the Social Security Act must include a statement that such certification is a condition of issuance of the certificate of need. The certificate-of-need program shall notify the Medicaid program office and the Department of Elderly Affairs when it imposes conditions as authorized in this paragraph in an area in which a community diversion pilot project is implemented.

(c) A certificateholder *or an exemption holder* may apply to the agency for a modification of conditions imposed under paragraph (a) or paragraph (b). If the holder of a certificate of need *or an exemption*

demonstrates good cause why the certificate or exemption should be modified, the agency shall reissue the certificate of need or exemption with such modifications as may be appropriate. The agency shall by rule define the factors constituting good cause for modification.

(d) If the holder of a certificate of need or an exemption fails to comply with a condition upon which the issuance of the certificate or exemption was predicated, the agency may assess an administrative fine against the certificateholder or exemption holder in an amount not to exceed \$1,000 per failure per day. Failure to annually report compliance with any condition upon which the issuance of the certificate or exemption was predicated constitutes noncompliance. In assessing the penalty, the agency shall take into account as mitigation the degree of noncompliance relative lack of severity of a particular failure. Proceeds of such penalties shall be deposited in the Public Medical Assistance Trust Fund.

(2)(a) Unless the applicant has commenced construction, if the project provides for construction, unless the applicant has incurred an enforceable capital expenditure commitment for a project, if the project does not provide for construction, or unless subject to paragraph (b), a certificate of need shall terminate 18 months after the date of issuance. The agency shall monitor the progress of the holder of the certificate of need in meeting the timetable for project development specified in the application with the assistance of the local health council as specified in s. 408.033(1)(b)5., and may revoke the certificate of need, if the holder of the certificate is not meeting such timetable and is not making a good-faith effort, as defined by rule, to meet it.

(b) A certificate of need issued to an applicant holding a provisional certificate of authority under chapter 651 shall terminate 1 year after the applicant receives a valid certificate of authority from the Office of Insurance Regulation of the Financial Services Commission.

(c) The certificate-of-need validity period for a project shall be extended by the agency, to the extent that the applicant demonstrates to the satisfaction of the agency that good-faith commencement of the project is being delayed by litigation or by governmental action or inaction with respect to regulations or permitting precluding commencement of the project.

(3) The agency shall require the submission of an executed architect's certification of final payment for each certificate-of-need project approved by the agency. Each project that involves construction shall submit such certification to the agency within 30 days following completion of construction.

Section 11. Subsection (5) of section 408.043, Florida Statutes, is repealed.

Section 12. Section 408.0455, Florida Statutes, is amended to read:

WHEREAS, appropriate access to adult cardiac care is an issue of critical state importance to all residents of the state and to all health service planning districts of the state, and

WHEREAS, the certificate-of-need process, for most geographic areas in the state, has provided adequate access to adult open-heart-surgery services to Floridians as well as tourists, business travelers, indigents, and migrant workers who receive such services, and

WHEREAS, the number of adult open-heart-surgery programs in certain health service planning districts has not kept pace with the dramatic increase in population in those areas, and

WHEREAS, there have been numerous technological advances in the area of primary angioplasty and stent procedures known collectively as percutaneous coronary interventions, and these advanced interventional treatments provide the highest standard of care for people suffering acute myocardial infarctions, and

WHEREAS, the success of these interventional treatments requires immediate access (within 1 hour) to hospitals having interventional technology and a backup open-heart-surgery program, and

WHEREAS, hospitals that cannot perform percutaneous coronary interventions must resort to the use of thrombolytics, a less effective treatment in many instances, and therefore adults in need of percutaneous coronary interventions are being denied these procedures due to lack of access, and

WHEREAS, diagnosis; discharge from the transferring hospital; transfer arrangements, including, but not limited to, insurance and administrative approval; transportation availability; admission to the receiving hospital; staff availability at the receiving hospital; and, most

importantly, bed availability at the receiving hospital as well as travel delays to the receiving hospital contribute to the time taken to effectuate a transfer of a cardiac patient, and

WHEREAS, the Legislature finds that timely access and availability for every adult in this state, regardless of socioeconomic class or geographic location, to these interventional treatments and open-heart surgery is of critical state concern, especially because myocardial infarctions and related coronary disease are no respecters of location or time, and

WHEREAS, to ensure that it provides the quality of care desired, each hospital that qualifies for the exemption provided by this act will be subject to more stringent criteria and will also be subject to continual monitoring by the Agency for Health Care Administration, and

WHEREAS, the Legislature intends to ensure that standards of quality are maintained while promoting competition in the provision of adult cardiac care, NOW, THEREFORE,

Senator Pruitt moved the following amendment to **Amendment 1** which was adopted:

Amendment 1A (893474)(with title amendment)—On page 42, between lines 12 and 13, insert: Section 13. *If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.*

(Redesignate subsequent section.)

And the title is amended as follows:

Senator Bennett moved the following amendment to **Amendment 1** which was adopted:

Amendment 1B (183248)(with title amendment)—On page 42, between lines 12 and 13, insert:

Section 13. Section 52 of chapter 2001-45, Laws of Florida, as amended by section 1693 of chapter 2003-261, Laws of Florida, is amended to read:

Section 52. (1) Notwithstanding the establishment of need as provided for in chapter 408, Florida Statutes, no certificate of need for additional community nursing home beds shall be approved by the agency until July 1, 2006.

(2) The Legislature finds that the continued growth in the Medicaid budget for nursing home care has constrained the ability of the state to meet the needs of its elderly residents through the use of less restrictive and less institutional methods of long-term care. It is therefore the intent of the Legislature to limit the increase in Medicaid nursing home expenditures in order to provide funds to invest in long-term care that is community-based and provides supportive services in a manner that is both more cost-effective and more in keeping with the wishes of the elderly residents of this state.

(3) This moratorium on certificates of need shall not apply to sheltered nursing home beds in a continuing care retirement community certified by the former Department of Insurance or by the Office of Insurance Regulation pursuant to chapter 651, Florida Statutes.

(4)(a) *This moratorium on certificates of need shall not apply, and a certificate of need for additional community nursing home beds may be approved, for a county that meets the following circumstances:*

1. *The county has no community nursing home beds; and*
2. *The lack of community nursing home beds occurs because all nursing home beds in the county which were licensed on July 1, 2001, have subsequently closed.*

(b) *The certificate-of-need review for such circumstances shall be subject to the comparative review process consistent with the provisions of section 408.039, Florida Statutes, and the number of beds may not exceed the number of beds lost by the county after July 1, 2001.*

This subsection shall be repealed upon the expiration of the moratorium established in subsection (1).

(5) *This moratorium on certificates of need shall not apply for the addition of nursing home beds licensed under chapter 400 to a nursing home located in a county having up to 50,000 residents, in a number not exceeding 10 total beds or 10 percent of the number of beds licensed in the facility being expanded, whichever is greater. In addition to any other documentation required by the agency, a request submitted under this paragraph must:*

(a) *Certify that the facility has not had any class I or class II deficiencies within the 30 months preceding the request for addition.*

(b) *Certify that the prior 12-month average occupancy rate for the nursing home beds at the facility meets or exceeds 94 percent and the facility had not had any class I or class II deficiencies since its initial licensure.*

(c) *For a facility that has been licensed for less than 24 months, certify that the prior 6-month average occupancy rate for the nursing home beds at the facility meets or exceeds 94 percent and that the facility has not had any class I or class II deficiencies since its initial licensure.*

This subsection shall be repealed upon the expiration of the moratorium established in subsection (1).

(Redesignate subsequent sections.)

And the title is amended as follows:

On page 45, line 24, after the semicolon (;) insert: amending s. 52, ch. 2001-45, Laws of Florida, as amended; specifying nonapplication of moratoriums on certificates of need and authorizing approval of certain certificates of need for certain counties under certain circumstances; providing review requirements and bed limitations; providing for future expiration of the moratoriums;

Amendment 1D (822098)—On page 24, line 17 through page 26, line 9, delete those lines and insert:

(l) *Notwithstanding any other provisions of this chapter to the contrary: (s)*

1. For an adult open-heart-surgery program to be located in a new hospital provided the new hospital is being established in the location of an existing hospital with an adult open-heart-surgery program, the existing hospital and the existing adult open-heart-surgery program are being relocated to a replacement hospital, and the replacement hospital will utilize a closed-staff model. A hospital is exempt from the certificate-of-need review for the establishment of an open-heart-surgery program if the application for exemption submitted under this paragraph complies with the following criteria:

- a. The applicant must certify that it will meet and continuously maintain the minimum Florida Administrative Code and any future licensure requirements governing adult open-heart programs adopted

by the agency, including the most current guidelines of the American College of Cardiology and American Heart Association Guidelines for Adult Open Heart Programs.

b. The applicant must certify that it will maintain sufficient appropriate equipment and health personnel to ensure quality and safety.

c. The applicant must certify that it will maintain appropriate times of operation and protocols to ensure availability and appropriate referrals in the event of emergencies.

d. The applicant is a newly licensed hospital in a physical location previously owned and licensed to a hospital performing more than 300 open-heart procedures each year, including heart transplants.

e. The applicant must certify that it can perform more than 300 diagnostic cardiac catheterization procedures per year, combined inpatient and outpatient, by the end of the third year of its operation.

f. The applicant's payor mix at a minimum reflects the community average for Medicaid, charity care, and self-pay patients or the applicant must certify that it will provide a minimum of 5 percent of Medicaid, charity care, and self-pay to open-heart-surgery patients.

g. If the applicant fails to meet the established criteria for open-heart programs or fails to reach 300 surgeries per year by the end of its third year of operation, it must show cause why its exemption should not be revoked.

h. In order to ensure continuity of available services, the applicant of the newly licensed hospital may apply for this certificate-of-need before taking possession of the physical facilities. The effective date of the certificate-of-need will be concurrent with the effective date of the newly issued hospital license.

2. By December 31, 2004, and annually thereafter, the agency shall submit a report to the Legislature providing information concerning the number of requests for exemption received under this paragraph and the number of exemptions granted or denied.

3. This paragraph is repealed effective January 1, 2008.
(Redesignate subsequent paragraphs.)

Amendment 1 as amended was adopted.

Pursuant to Rule 4.19, **HB 329** as amended was placed on the calendar of Bills on Third Reading.

On motion by Senator Pruitt—

HM 25—A memorial to the Congress of the United States, urging Congress to change the existing formula for distribution of Medicaid funds.

WHEREAS, Florida is the fourth most populous state, with 16.4 million residents, and

WHEREAS, more than 2 million Floridians live in poverty and approximately 2.8 million Floridians have no health insurance whatsoever, and

WHEREAS, it is a moral incumbency that every Floridian have access to quality, affordable health care, and

WHEREAS, impoverished Floridians have more difficulty securing quality, affordable health care, especially if they are uninsured, and

WHEREAS, Florida participates in the Federal Government’s Medicaid program to support those impoverished citizens and ensure their access to health care, and

WHEREAS, when Medicaid was created in 1965, one of its purposes was to reduce the differences among the states regarding their respective abilities to fund medical services for the impoverished, and

WHEREAS, federal funds for Medicaid are distributed to the states based on a funding formula that uses per capita income as a key indicator of a state’s ability to support its impoverished population, and

WHEREAS, numerous reports from the United States General Accounting Office dating back to the early 1980s demonstrate that per capita income is a poor indicator of a state’s funding ability, and

WHEREAS, the use of per capita income assumes that states with lower per capita incomes have higher rates of poverty, which is a false assumption based on data from the United States Census of 2000, and

WHEREAS, the funding formula does not account for states’ respective populations in poverty, the wealth distribution of larger states, or the costs to serve Medicaid populations in respective states, and

WHEREAS, the use of per capita income in the funding formula fails to accurately reflect the needs of the more populous states, and

WHEREAS, the use of a state's total taxable resources in the formula, as recommended by the General Accounting Office, would result in Florida receiving hundreds of millions of dollars more of federal funds in distribution, which amounts to its fair share, and

WHEREAS, according to the 2002 financial data of the Agency for Health Care Administration, uncompensated care in Florida's hospitals is growing at the rate of 12 to 13 percent per year, Medicaid caseloads grew almost 7 percent in the last fiscal year, and the costs of the Medicaid program continue to grow at an alarming rate, and

WHEREAS, because of the poor reimbursement rates offered to Florida's physicians due to the disparity created by the funding formula, many doctors have limited their provision of services for Medicaid patients and some have stopped treating Medicaid patients altogether, and

WHEREAS, this decline in the number of physicians who will treat Medicaid patients threatens the quality and availability of health care to impoverished Floridians, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That the Congress of the United States is requested to pass legislation to change the existing formula for the distribution of Medicaid funds from a formula based on per capita income to one based on total taxable resources and the poverty rate, thereby providing a more equitable distribution of Medicaid funds to the states and bringing the Medicaid program closer to compliance with its stated legislative goal.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

—a companion measure, was substituted for **SM 2084** and read the second time in full. On motion by Senator Pruitt, **HM 25** was adopted and certified to the House.
